

Explanation of the machine designations

2- Fraction

Equipped with one starscreen, results to finegrain and overgrain
Incl. automatical central greasing, preparation for the patented cleaning system, extinguisher, start-stop-remote control, undercarriage, german vehicle registration in case of mobility

Mobility

Hooklift-Models

H = Hookliftmobile
HM = Hookliftwheelmobile
HT = Hooklifttrackmobile

Standard-Models

M = Wheelmobile
S = Skidmobile (stationary)
T = Trackmobile

Versions

A-Version

Overgrain to the back, finegrain to the right

B-Version

Overgrain to the left, finegrain to the right

Type of drive

Standard type of drive

Diesel-Hydraulic

Alternative type of drive

Hybrid = Diesel-Electric
EH = Electric-Hydraulic
E = Full electrical

Feature

L = long starscreen (8,10m instead of 6,70m)
17 = Starscreen width 1,70m (Standard = 1,20m)

Not available for all types of mobility

Examples

Fraction	Mobility	Version	Feature	Special width
2	h	a		
2	m	a		17
2	t	b	l	17
